

Borrowed Shirt

Yoav Helfman

Can I borrow a dress shirt?

What do you need it for?

A party, risky-business is the theme.

Am I invited?

No, but I promise to deliver it back to you personally.

It's all yours.

It's me again. Do you still have that shirt I borrowed?

I do, can you wash it before you bring it back?

I can.

Very cool.

Same deal, okay?

Sounds good.

If I let you hold onto that shirt will I get to see you again?

I'll need help ironing it out every once in a while anyway.

You ever think about buying your own?

I feel safer in yours.

I'm happy to hear that actually.

Good, because it is true.

How is my shirt doing?

You are going to be mad.

What happened?

I lost a few buttons.

I figure it still fits you well.

Sorry that I did that.

I tore the seam.

Is it bad?

I think I can fix it.

Do you know how?

I can figure it out.

Let me know how it goes.

I mended the seam but it keeps unraveling.

Any ideas?

Do you have any more shirts?

Unfortunately that's the only one I have to give.

I don't think it quite fits me right.

What if we find you a new shirt?

Have I ever told you about your nice eyes?
